

The Smile Report

Highlighting Our Impact on Arizonan's Health and Wellbeing

Edition 1, 2024

Oral Health In Medicine Initiative

We have partnered with the University of Arizona College of Medicine – Phoenix to create the Oral Health In Medicine Initiative. The partnership will increase oral health education for all medical students at the university and is expected to launch in the 2024-2025 academic year.

Nearly \$800,000 Awarded to 39 Nonprofits

For the 2024 year, we awarded grants to 39 nonprofit organizations that work with underserved populations of all ages through oral health and nutritional programs. A total of \$793,149 was awarded to support oral health education, disease prevention and food assistance programs.

Grantee Spotlight

Foundation for Senior Living's (FSL) Nutrition Program, supported with a \$10,000 grant from Delta Dental of Arizona Foundation in 2024, provides in-person meals and snacks, as well as home delivered meals, to seniors and adults with disabilities. Additionally, they distribute food boxes and bags to hungry Maricopa County households.

Volunteer Spotlight

Christina May is the Claims Supervisor and has been with Delta Dental of Arizona for more than 15 years. She was recognized for volunteering at 8 events for a total of 20 hours in 2023. Christina is one of our most dedicated employee volunteers.

Board Member Spotlight

Dr. Eric Heiser, president of Coconino Community College, was elected to the Foundation board in February 2024. He holds a Ph.D. in Higher Education Leadership from Colorado State University. Dr. Heiser also serves as chairman of the Board of Directors for the Competency-Based Education Network and as president of the Board for the National Council of Instructional Administrators.

POP QUIZ!

TRUE or FALSE? A hard-bristled toothbrush cleans your teeth better than a soft-bristled toothbrush.

Answer: False! Hard bristled toothbrushes, including firm or medium-strength bristles, can cause damage to the gums. Soft bristled toothbrushes are better for your teeth because the bristles are easier on the teeth and gums, keeping them healthy and giving you comfort.
